20 September 2017

ROLANDO LOPEZ
VP FOR ENGINEERING, TECHNICAL & SERVICES
INDUSTRIAL CONTROLS SYSTEMS INC.

Dear Mr. Lopez,

On behalf of the Chamber of Mines of the Philippines, I would like to express our gratitude for your contribution to the success of our Mining Philippines 2017 Conference and Exhibition held last 5-7 September 2017 at the Sofitel Philippine Plaza, Manila.

I hope that you were able to network with other exhibitors and with our mining executives. For this year's conference, our focus was to present proof and practices showing that responsible mining is already happening in the country, and that our efforts in environmental protection and social development go beyond mere compliance.

We were able to attract nearly a hundred exhibitors and a thousand people came to visit the exhibition area per our guest monitoring program. Media coverage of the conference was also more significant, especially with our Keynote and Guest Speakers, making pronouncements for responsible mining.

Your presence made the event a great success and your enthusiasm and positive spirit made our time together both productive and fun. We wish you all the best and we hope that you continue to be engaged with the Chamber of Mines by visiting our website www.chamberofmines.com.ph for updates.

It would be a pleasure for us if you could send us your comments on your experience with us and on how we could improve our services in delivering better mileage to our exhibitors like you at our email address mp@chamberofmines.com.ph

Thank you and I hope to see you again next year at Mining Philippines 2018!

Sincerely,

Nelia C. Halcon
Executive Vice President
